Annual report 2027

Letter from the Chair and the CEO

2027 was a quiet year after a hard 2026. Revenue grew 3 percent to CHF 1,184 million. NS-091 entered a Phase III study and the first participants were dosed with NS-529, which gave the pipeline some of its credibility back.

Key figures

CHF million	FY 2027	FY 2026
Revenue	1,184	1,149
Core operating profit	322	296
Net profit	231	187
Dividend per share (CHF)	1.10	1.00

Products

Lunavel remained our largest product. Halo and Baseline extended into more occupational health programmes. Migrestil continued in acute migraine treatment.

Related parties and segments

Sundvor Partners AS holds 9.8 percent of the shares of NeuroStat Holding AG (31 December 2027). Sundvor Partners AS also owns Kelvara Petrochemicals AS, the operator of the Ødemark A installation, which has hosted a NeuroStat study site since 2027. Services are provided on arm's-length terms. Aegis Corporation, the group service company for security, logistics and field support, and Hiemal Polar Services, which operates polar stations, are reported in the segment Other.

Proposal to the General Meeting

The Board proposes a dividend of CHF 1.10 per share and the re-election of all members of the Board of Directors.

This document contains forward-looking statements. Actual results may differ materially. NeuroStat does not undertake to update them except where required by law.
